

## Announcing New Service for Clients

Because Forward Leading Constructors Inc. believes in delivering real value to clients. I am pleased to announce a new service and program called Transcend Impact Analysis. The service and program begin the analysis with the business case and concludes at the project's start-up.

Regardless of industry or sector, the program delivers a holistic approach and methodology for identifying impacts, analysis, and cost evaluations. The goal and focus are the positive influences for the management of projects, project teams, the bottom line, and Client profit margins.

### Contact Information:

If you would like more information on this service and how Forward Leading Constructors Inc. can assist you, contact Michael Kowalchuk at [info@forwardleading.ca](mailto:info@forwardleading.ca) or phone at 780.983.6994.
